

TRAXXAS

Fiesta ST Rally

**RALLY-BRED PERFORMANCE
ON-ROAD OR OFF-ROAD**

To be competitive, rally cars must offer blistering performance on pavement, dirt-roosting speed off-road, a trick suspension, and 4WD to put the power down. The Traxxas Ford Fiesta ST Rally puts you in the driver's seat for intense all-surface rally action! The Fiesta ST Rally is specially tuned with a low center of gravity (Low-CG) chassis and oil-filled Ultra Shocks™ to be agile on the track. When the pavement ends, its full-time 4WD, long-travel suspension, and rally-bred tires dig in for ultra-fast bumper-to-bumper racing action. The powerful Titan® 550 motor muscles you to the front of the pack and waterproof electronics allow authentic all-weather racing. The Traxxas Ford Fiesta ST Rally is Ready-To-Race®, and built Traxxas-Tough for versatile, exciting driving fun that could only come from Traxxas.

MODEL: 74054-4
